PATENT Elastic Fire and Water Proof CEMENT ROOFING.

THE undersigned is prepared to introduce into use in Tennesses W. E. CHILDS & CO'S PATENT LASTIC TIRE AND WATER PROOF CEMENT ROOF ING, and assis the attention of Architects, Builders Raifrond Companies, and the public, to examine is superiority over other Kooling. Architects and Builders Should not tall to examine this Resoling, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is im-pervious to-water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question. dinary good sheathing, old shingles, tar and gravel, tin, zinc, copper, or from roofs—it making no difference how steep or flat they may be—for seven dollars per vented to cover or ment old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormer windows and gutters, where the lin is rusted through. This

sist any ordinary external exposure to fire, as is fully and abundantly proven, and we will warrant it water proof. We will engage to put our Boofing on over or one hundred square feet; it being far cheaper than any roof of the old style, and we are sure it will give bet-It will also be found to be the best thing ever in-Coment can be put on to last as long as stone, and form a perfect millesion to any object to which it is applied. Tin Roots can be comented over (and war-ranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much bet-ter than paint. This Roofing will be found to be the best thing for covering large Roofs where they are exposed to are—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamboat Decks, and in factovery kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint in it, it presents no chance for fire to communicate, and any light substance will burn out without igniting.

\*\*Bar Insurance Offices at Cincinnati, and other places where Childs & Co's Coment has been used, insure Buildings with Roofs covered with this Cement, at the same rates as for those covered with Iron, Copper or ## The Coment will be furnished to those at a disance with directions for using.

Roca's Remedy for Pulmonary and Tubercular Consumption. HAVING been appointed sole Agent for the sale of Don Genorino Roca's celebrated Cens ron Conservos, the public will now be put in possession of Galvanic patent fire and water proof Roofing, and that one of the most extraordinary remedies extant for what has heretofore been considered an incurable ing, having already had it in use for eight months. I have the more readily undertaken the agency, from the fact of its extreme simplicity—being an out-ward application, the action of which is seemingly mi-raculous, and its having none of those attributes which make up the numerous compounds now in general With the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as is shown by numerous letters and certificates, is now offered to the public.

A pamphlet, containing directions, letters from distinguished individuals, and documentary evidences from the physicians of the bospinal of Havana, Island of Orba, &c., will accompany the remedy. These speak volumes in its praise, and publicity is only required to render it as popular as it is benefi-

JAMES REES, Sole Agent for the United States No. 341 Market street, Philadelphia Principal Office, 1020 Frizwaren. feb11-tf The Great English Remedy. Thorn's Compound Extract of Copaiba and Sarsaparilla,

Possesses advantages not enjoyed by any other medicine for the cure of sexual diseases, which must with an enlightened public render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of dist. In its approved form, that of pusie, it is entirely tasteless, and causes no unpleasant sensation to the patient. It has acquired the utmost fame in almost every part of Europe; it has been examined, approved of, and sanctioned by the faculty of medicine, and recommensanctioned by the faculty of medicine, and recommen-ded by the most eminent of the profession. Prepared by J. W. TiloRN. Chornist, London, and for sale, wholesale and retail, by Jones A. Tankany & Co., Agents for the United States, 278 foremwish street, New York. As the above valuable preparation has been exten-sively counterfeited by unprincipled parties in the United States, the proprietor has adopted, as a procan-tion against imposition on consumers, a Label, of which the following is a fac simile, and which will be found burnt in upon the bottom of each pot of the geneine intended for sale in the United States, Canadas, British Provinces, West Indies and South America. Provinces, West Indies and South America.

B.THOA CHEMIST. V LONDON JOHN.A.TARRANT NEW YORK. C. SOLE AGENT. FOR THE ES

The stamp around each pot will also hear the names of the Proprietor and of the United States agents.

Bruggists and Beniera will observe on each degen package the following label:

Invariant Carpon.—The increased reputation and great demand for Thorn's Compound Extract of Copulation and Saraspartiin, have been inducements for others to offer imitations of this valuable medicine. Venders are particularly warned of this fact, that they may be not their guard, and not dispose of any impure article calculated to injure their reputation, and desirely the ments of the original preparation, to obviate which the Salucriber (successor to Japon Tarraint, by whom it was first introduced into the United States) has attached his signature to this caution, to commercial which is forgery.

Miscellaneons. The Greatest Invention of the Age. West's Patent Galvanic Cement.

FOR ROOFING. THE subscriber is now prepared to cover roofs of 1 buildings, with a new and better article than ever before known. The public are aware that our Government has had scientific men experimenting, and that it has been the study of the Architects and Builders, for years, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and be impervious to fire and water, and remain a permanent fixture. As yet, nothing has been attained with-out costing more than the people wish. The contraction, expansion and rusting of metal roofs, are so great changeable climates, that they become useless, unless being repaired at great expense yearly. Shingles are not fire proof, and can not be used on flat roofs, and the various Compositions and Cements that have tion of the weather, but they run when it is warm, and crack when frosty, and after one or two years become crumbly and worthless; whereas the inventor of the Galvanic Coment, has labored twenty years to combine articles to obviate those difficulties, and can testify from his long experience, and numerous testimonials from reliable persons, who have had his combination applied to their buildings, that his Cement is the cheapest and best article ever before known. The combination new roofs, flat or steep, covering over old shingles without removing them; lining cave-troughs, seaming around battlements, chimneys and sky-lights. Cover ng car-tops, steamer-decks, &c. This Cement, by its non-conduction and galvanism, prevents metal roofs from rusting and unsoldering, and resists the extremes of heat and cold better than anything ever invented, for entire roofs or for covering metal and the out-side of wood buildings, making them fire-proof. Its appearance is like slate; beautiful for the rich palace the humale cottage.

The undersigned having secured the right to the State

or Towns, on reasonable terms; The subscriber is also prepared to cover roofs buildings, in any part of the State, at short notice: This Root is now being put on in this city, for the benefit of all concerned, and warrunted to excel all other modes of Roofing. The subscriber has had his mode of Roofing tested as to its qualities, during the last year and a half in the city of Memphis, which has groved satisfactory, to which a number of the most rominent cutzens can testify.

For further information enquire at the office, where samples may be seen. Office with A. V. S. Lindsley Real Estate Broker, No. 33, Goilege Street, Nashville Tenn.; or, address box 69, Post-office. See testimonials of the following gentlemen who have used it, with hosts of others.

W. S. BENNETT, PROPERTOR. Attached is a note from John L. Mongan, Esq., Architect, by which may be seen the opinion of Mr. Samuel cloan, the celebrated Architect, and writer upon Architect. scture, whose experience with this mode of roofing, without a doubt, is satisfactory to all. Mr. W. S. Brygert -- When in Philadelphia, Pa., a few days ago, I called upon Mr. Samuei Sioan, the celebrat ed Architect, and author of the Sioan Work on Archi tecture. I asked his opinion as to the durability, &c., of West's Patent Roof, such as you are using in the city of Memphis, and he told me that he had no hesitation in saying to me that it is a good and durable roof, and is all that its advocates claim it to be, further saying

that he is using it on a fine building for himself.

Respectfully, JOHN L. MORGAN, Architect. OFFICE OF MISS. CENTRAL & TENN. R. R. Co. ) Both ar, Trees., Oct. 1, 1857. ]
This will certify that the M. C. & T. R. R. Co. hav purchased of Mr. W. S. Bennett, the right to use on their Cars, Bridges, Buildings, &c., &c., West's Galvanie Consent. Having seen it used and tested, I have no

hesitation in recommending it to be the best and cheap est covering now in use.

H. P. NEFLY, President ENGINEER'S AND GENERAL SUP'T'S OFFICE, MEMPRIS AND CHARLESTON RAHROAD. To Wang it has Coverny.—This is to certify that the Memphis and Charleston Railroad Company have pur-Gaivanic patent fire and water proof Roofing, and that we believe it to be an economical and durable cover-SAM. TATE, President. F. C. ARMS, Gen'l Supt.

W. S. Brysery, Esq. - Dear Sir. - The facts within our knowledge of the durability, &c., of West's Galvanic Coment, are these, The building you covered for us last Spring, I am happy to state, has answered our ex-pectations. We can, therefore, recommend it to the public for all rooting purposes; as a light, cheap, fire and water proof roof. It does not get soft and run from the effects of the heat of the sun; nor does it harden and crack from the effects of the cold. Any persons wishing to know more of this article, can call Carriage Manufactory, Monroe St., Memphis, Tenn

MERCHIS, Tonn., Dec. 8th, 1866.

To Whom IT MAY CONCERN:—This is to certify that
W. S. Bennett covered two roofs for me last Spring with a composition called West's Patent Galvanic Cement, one of them was a new deck, the other an ole shingle roof, which are giving perfect satisfaction. He also repaired a domer window, which leaked badly, and had badled the skill of Carpenters to provent its leak-ing, which he succeeded in making perfectly tight. I do most cheerfully recomment his mode of roofing to the public, for all roofing purposes, and believe it to be a permanent fixture against fire and water. D. COCKRELL. Proprietor Commercial Hotel.

Superintendent's Office, Manthe & Onio R. R. ]
Manthe, Tenn., Feb. 19, 1857.

Ms. Bennert:—Dear Sir:—Our company having been troubled very much with bady cars, put some of your Patent Paint upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who wish a dry roof of any sort. H. COFFIN, Superintendent. MESTRES, Taxx., Jan. 14, 1857.

To rux Punic.—W. S. Bennett made application to a last Summer to owver our buildings with West's Galvanic Cement; it being a new thing, we thought we would try it, bad it applied to our Blacksonth Shap and Engine House, attached to the Foundry. They have proved all required in a water proof roof, heving with stood some of the greatest storms, and are giving good satisfaction. We can only add, try it and you will be extended. CURTIS & KNAPP, Iron Founders.

Mr. Bennett has done sometimate amount of rooting for use in his peculiar way, with faction and, conted with a preparation the basis of which appears to be a Coal Tar. It is a very effectual and light root, and appears to pronise considerable durability, from the procervative qualities of the composition, which penetrates the cloth and projects it from the influence of the air and water. The Composition does not injusty and run from the effects of the heat of the son in Summer, nor does a harden and crack from the influence to the nor does it harden and crack from the influence to the KENTUCKY PLANING MILL.

NEW SERIES-NO. 690.

AYER'S CHERRY PECTORAL FOR THE RAPID CURE OF Coughs, Colds, Hoarseness, Influenza, Brouchitis, Whooping-Cough, Croup, Asthma, Incipient

Consumption, And for the relief of Consumptive patients in advance stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmenary organs, it is absorbe pleasantest and safest ready that the sam be employed by mismister tooms persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Chekery Preparate saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are entable por And for the relief of Consumptive pa-

sumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this rem-edy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

AYER'S CATHARTIC PILLS. THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most per-fect purgative which is known to man. Innumerable proofs are shown to man.
Innumerable proofs are shown that
these PHIS have virtues which surpass in excellence the ordinary modicines, and that they win unprecedentedly upon the esteem of all men. They are safe
and pleasant to take, but powerful to cure. Their pen-Whites, &c. trating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel the disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone to the whole system. Not only do they care the every-day complaints of every body, but also formidable and dangerous diseases that has baffled the best human skill. While

And all dealers in medicine everywhere DAN, PACKARD Persons of Consumptive Habits, READ THIS! TO THE GÆFENBERG COMPANY: For the first A time in my life I am induced to certify to the truly wonderful effects of a popular medicine, but in send-ing you the certificate I feel that I am only discharging

a duty that I owe to the Græfenberg Company, and more especially to suffering humanity. About the first of June last, I had a negro man taken with a cough attended with restlessness, spitting of blood, and other dangerous symptoms of consumption immediately called in a truly skillful and scientific physician, who told me it was a case of consumption. He treated him for several weeks, but he gradually grew worse. I then had another physician of great reputation in lung diseases. He examined him, and iso decided it to be a hopeless case of consumption, and said it was useless to spend money in trying to here, (Mesers Wells & Lowell,) that when the doctors gave him up I would try the Graefenberg Consump-tive's Balm. I did so and to my agreeable surprise, the man began to improve after taking only five or six descs. He took only two bottles of the Balm and

day I consider him entirely cured. He is worth \$1,200, and he is doing me good service on the plantation. I consider him perfectly sound and well as he is fat, hearty, and strong, without a vestige or sign of Claiborne, Ala.
I have used the Grafenberg Consumptive's Haim in severe cases of consumption, in my practice, with the happiest effect. I wish all would use it. S. MEDARIS, M. D. Totten's Wells, Tenn. The Grafenberg Consumptive's Balm will effectually cure Consumption and all complaints of the lungs. It cases of Cold on the Lungs and Chest, Languer com bined with Difficult Breathing, Pains in the Chest, an Bronchitis, the Græfenberg Consumptive's Balm wil effect a complete core and prevent the disease from becoming a confirmed Consumption. In all cases, de-lays are dangerous. They are as an hundred fold to all diseases having a tendency to Consumption. We

three bettles of the Graefenberg Sarsaparilis Compound which cost me the small sum of nine dollars, and to
